The Rocky Mountain Oil Journal

701 South Logan Street, Suite 112
Denver, CO 80109-4169
(303) 778-8661
<http://www.rmoj.com/Advertise.aspx>

The Rocky Mountain Oil Journal (RMOJ) is a weekly publication that has been covering exploration activity in the Rocky Mountain Oil Patch since 1921. The Rocky Mountains are the second largest gas producer in the United States, yet 85 percent of its gas reserves have yet to be extracted. The RMOJ can provide you with a cost effective way of targeting this already large and growing market.

The RMOJ has a wide distribution, with readership in most states, three Canadian provinces and several foreign countries. With 1,100 hard copy and 450 online subscribers, an estimated 10,000 oil and gas people read the RMOJ each week, including every large independent and major operating company throughout the oil patch and government agencies such as the U.S. Forest Service and the Bureau of Land Management.
